To The Youth  
of Sanger High

There is no way to express the true feelings about the relationships we have had with so many of you this past year. Our lives have been so much richer from knowing you and sharing so many things with you.

Some of you will not be back next year and this has been a very hard thing to face and accept. Our prayer is that you will be much better people from knowing us as we will be from knowing you. A special relationship is like a beautiful sunset. Until the sun reaches that point just above the horizon, then and only then, do we share in all of its beauty. For a moment we savor this and then it sinks below the horizon. But the beauty will forever remain in our hearts and will never be forgotten.

Nelva Jane and I thank God every day for the privilege of knowing and loving you. If we can ever help in any way, please call or visit and we will do our **best**.

We Love You  
Nelva & Carl Ray

As the year comes to a close, we wonder where all the time went.

We have tried in this book to faithfully record the memories, both happy and not-so-happy. We hope that the memories, and thoughts recorded here are just as meaningful to you. In future years when you look at this yearbook, we hope you can remember the year as it really was.

Before we close we want to thank two people that made the whole project possible: Dr. Ralph Pyke who was always willing to help and our adviser, Mrs. Judy Parris.
